Surface-mounted & Suspended-mount Wood Plank System

When looking for modern design wood surface-materials, don't walk the plank. Use Aoudi planks. The design consists of multiple four, six, eight, or ten foot long panels that are six to twelve inches wide. Aoudi planks are perfect for large areas or accents. Get all the sound absorbing properties of acoustic panels with the appearance of wood board!

Features

- Aoudi Planks weigh just 1lb per square foot, just 30% the weight of traditional MDF, resulting in less installation cost
- Redesigned with front and back layers of high-density acoustic board for added rigidity
- The same great look of wood panels with the NRC value of acoustic materials
- Facing edges can be square and edgebanded or rounded and wrapped
- On average, Sonus' Aoudi Plank System is 28% less cost than MDF systems
